Initial Access

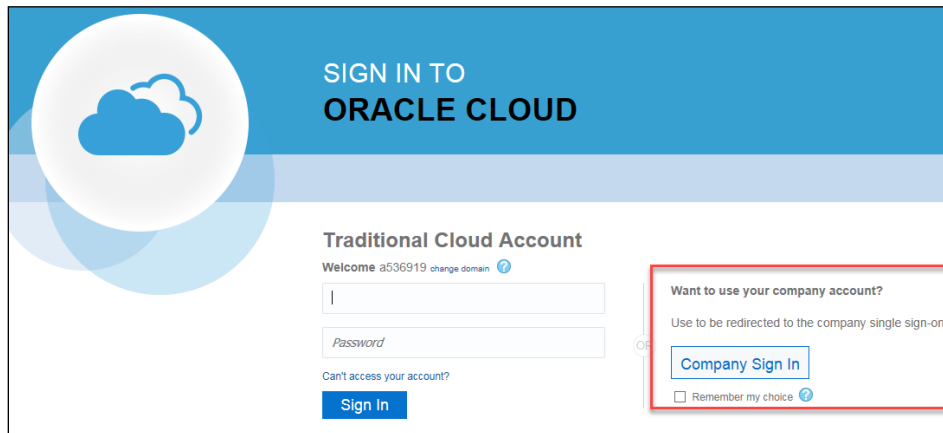

To gain access to PBCS, please complete the PRISM User Access Information Form found on the PRISM website at <https://prism.pitt.edu/access/>. [Note that all RC Business Managers and anyone who responded to Kathy Tosh's December 2020 request for designated tuition module users were given access to PBCS and can login as described below.]

Oracle automatically sends an email from Oracle Cloud oraclecloudadmin_ww@oracle.com when your user account has been established in PBCS. However, security roles need to be assigned by Budget & Financial Reporting (BFR) before access is complete. Please wait until Student Financial Services sends a confirmation that your access is available before attempting login.

Logging into PBCS

<https://planning2-a536919.pbc.us2.oraclecloud.com/HyperionPlanning>

PBCS is single sign-on enabled with the Pitt Passport service. Select the *Company Sign In* button. If you are already logged into Pitt Passport, PBCS will automatically open or you will be directed to the Pitt Passport login.

NOTE: If using the link from the Oracle Cloud email, you will be directed to the My Cloud Home page. From there, click the *planning2* service, and you will see the above screen.

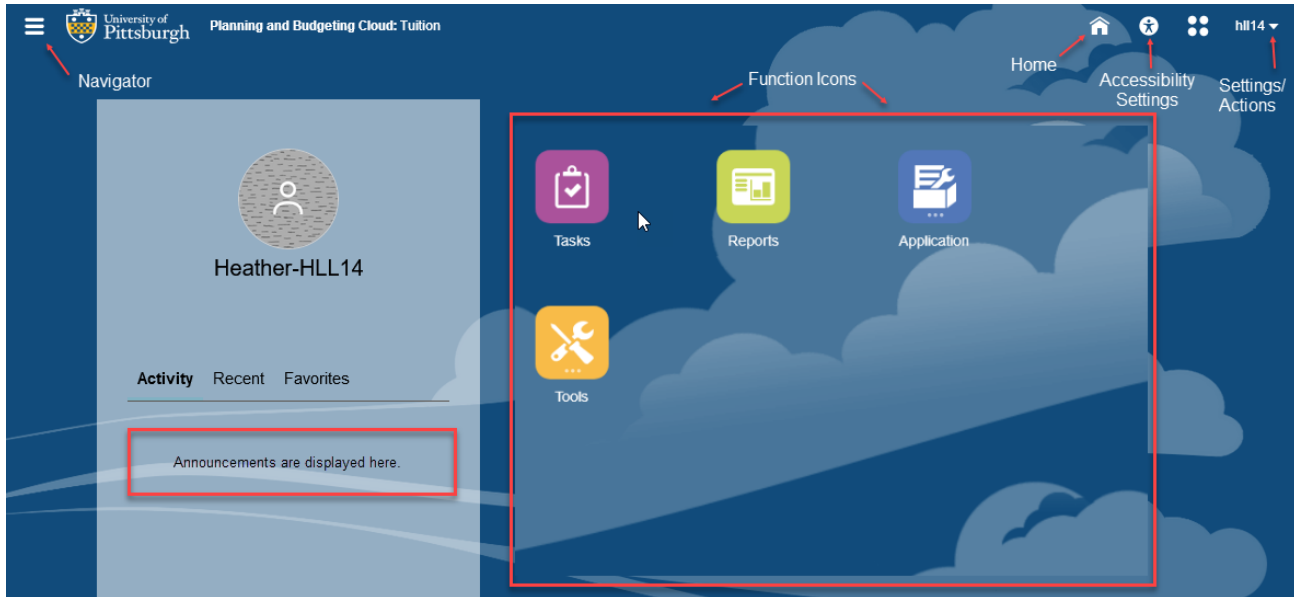

BROWSER NOTE: Firefox and Chrome are the supported browsers; if issues occur, please try both browsers before submitting a help request.

Adding a Favorite or Bookmark

Once you have logged in to the *Planning and Budgeting Cloud: Tuition* home page, you can create a favorite or bookmark within your browser to save the link. By adding the favorite at this point, you will be logged into the home page directly rather than going through the My Cloud Home page. The favorite will appear with “EPM Cloud,” however, you can edit the name.

Navigation

PBCS Home Page

- **Navigator** - Use the Navigator menu to access functions, applications settings and preferences. Under the Preferences link, you can manage several personal preferences such as email options, display options and printing options. For example, in display options you can change the number formatting such as negative number display and thousand separator.
- **Home** - Use the Home button to quickly return to the home screen from any window.
- **Accessibility Settings** - Use the Accessibility Settings button to apply the screen reader mode or high contrast.
- **Settings/Actions** - Use the Settings and Actions drop down link to sign out, view the Oracle-provided help documentation and access the Oracle Cloud Customer community.
- **Function Icons** - Use the various function icons to access functions assigned to your role in PBCS.
- **Announcements** - Announcement regarding the overall system will be posted in the Activity/Recent/Favorites section.

Selecting Report Output Types

Reports can be available in three outputs: HTML, PDF and XLS.

HTML – This will create an on-line HTML version of the report that supports the drilldown functionality

PDF – This will create a PDF version of the report and is best for printing reports.

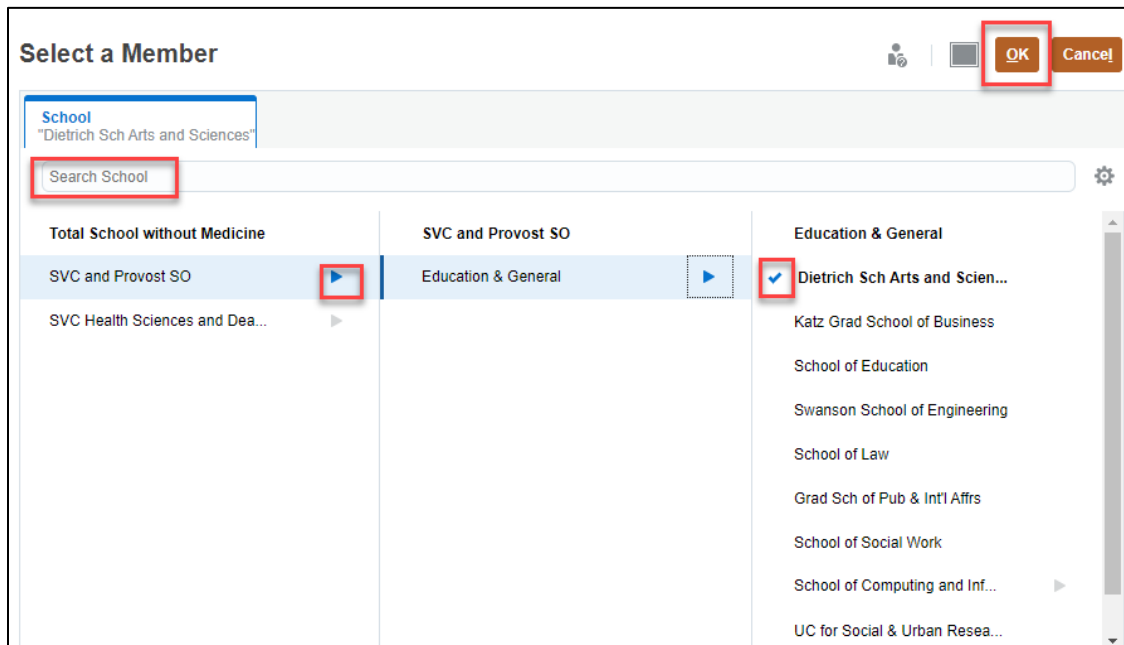

XLS – This will create an Excel version of the report.

Hierarchies

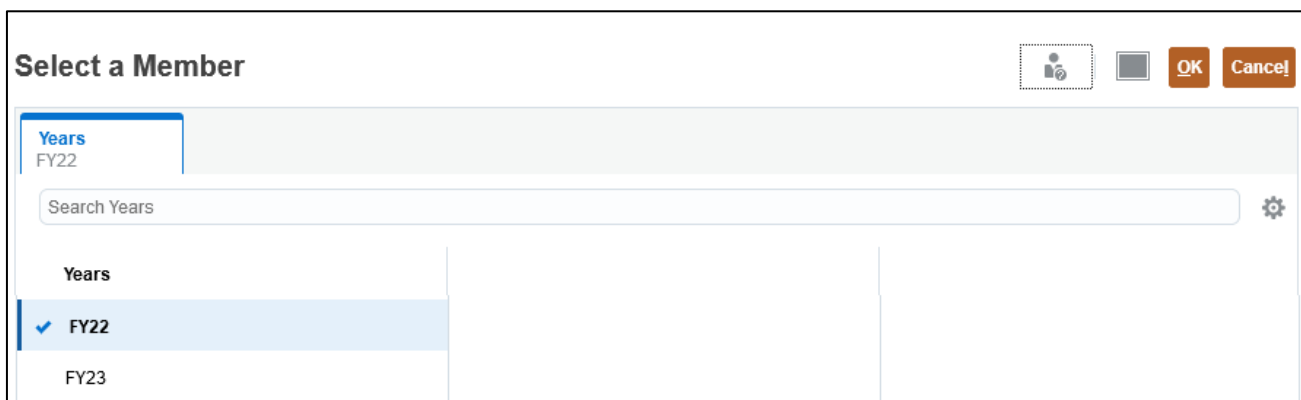

In the PBCS Tuition module, there are multiple hierarchies established for data entry and reporting including School, Program, Term and Tuition Attributes.

When using the hierarchy to select values, you will see all levels regardless of your assigned security. If you select a value that you do not have security access to, no data will be returned, and you may receive an error message if all accounts selected are outside of your security access.

Entering Report and Form Parameters

Reports and forms can require selection of *Member* segment values. Many have default parameters based on the associated security groups assigned. Many of the Tuition reports are by fiscal year, the current default is FY22.

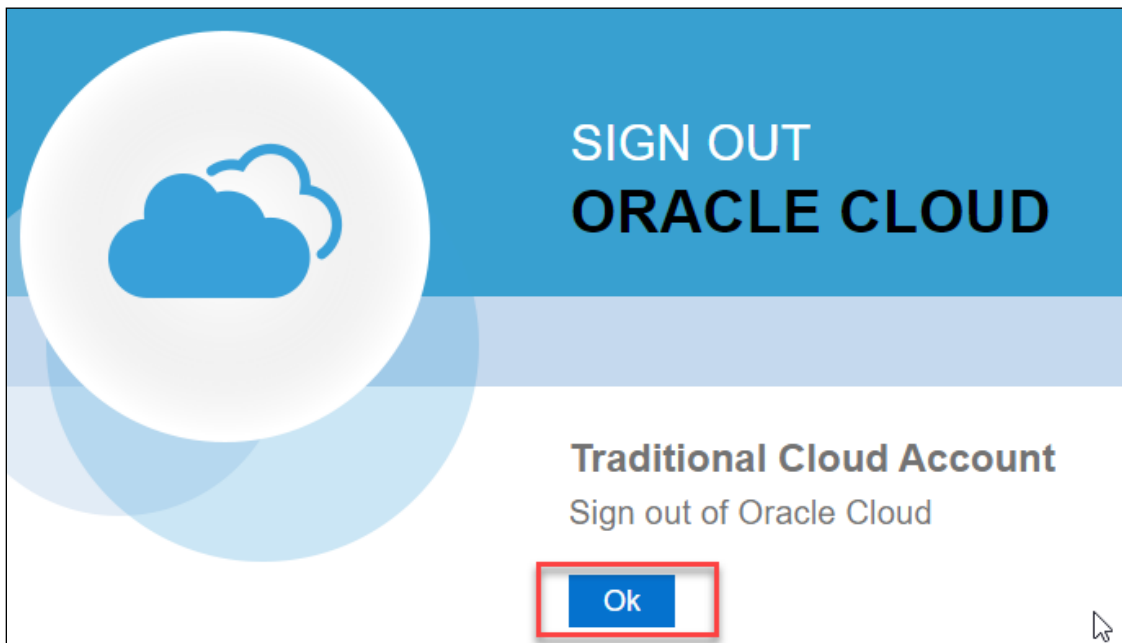

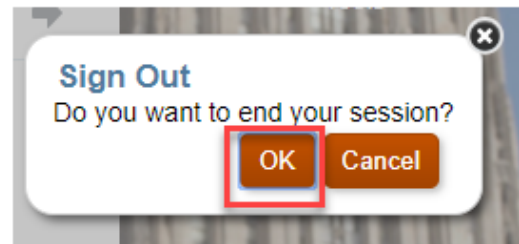

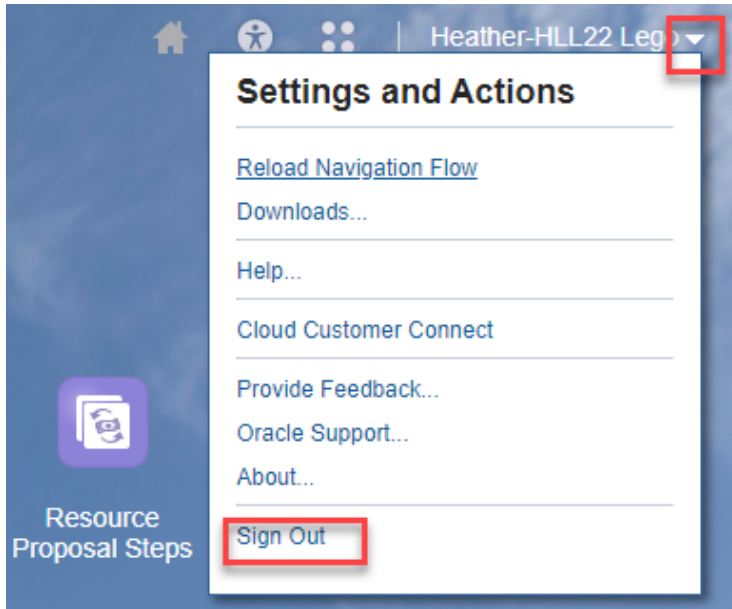

Navigation

Logging out of PBCS

Log out of PBCS by selecting the drop down arrow next to your name in the upper right corner of the window, then select Sign Out. A second Sign Out window will appear, click Cancel to remain logged in to PBCS. Click OK to continue logging out.

You will then be returned to a SIGN OUT ORACLE CLOUD window, click Ok. You must complete this to completely log out of PBCS.

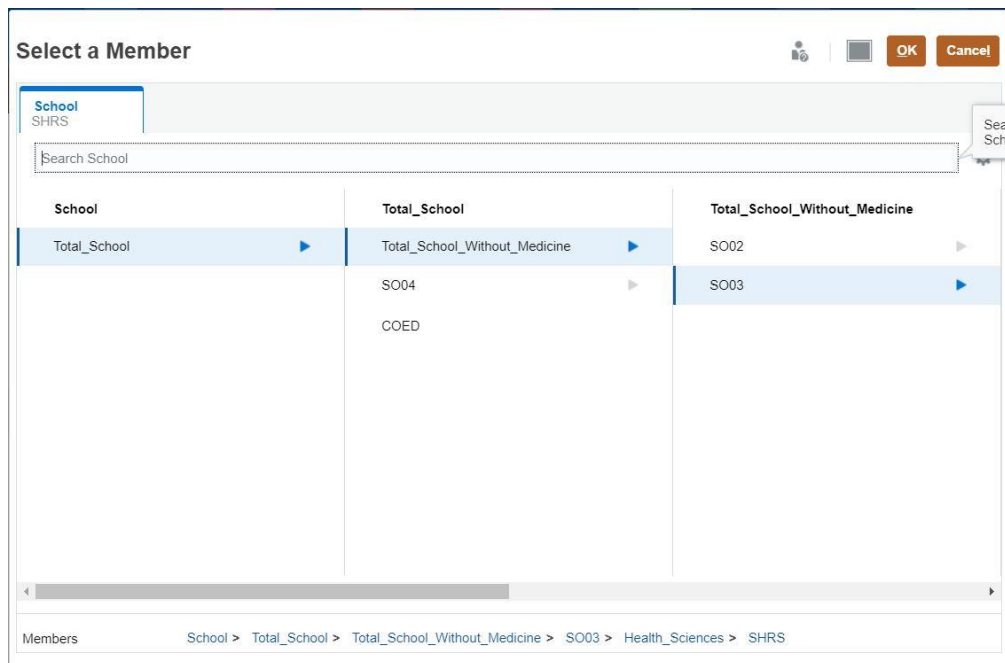

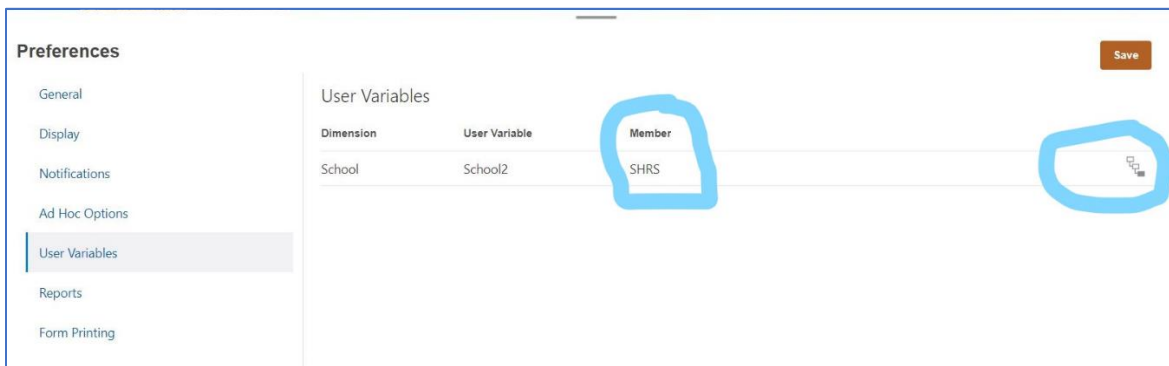

Setting User Preferences

User Preferences

The first time you enter the Tuition module, users will need to set their School to enable data entry and reporting.

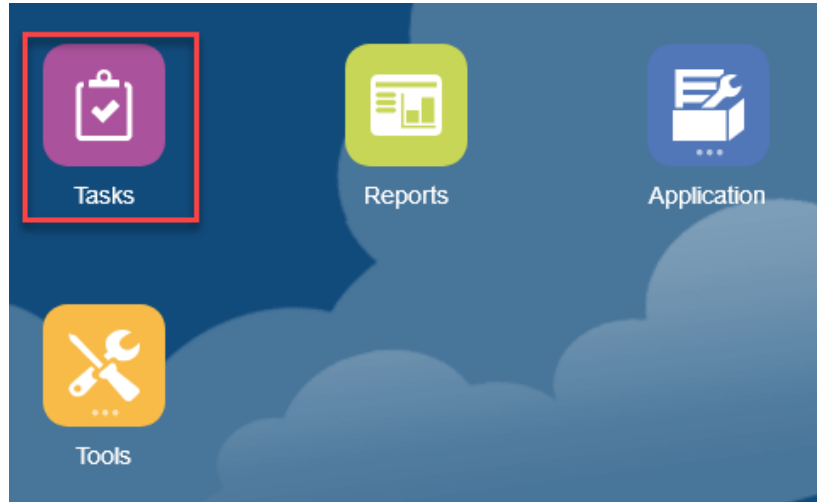

1. Click the Tools icon.
2. Select User Preferences.
3. Click the icon on the right side to select your school, you can search for your school in the search school box.
4. Click OK, and the Save.

Enrollment Data

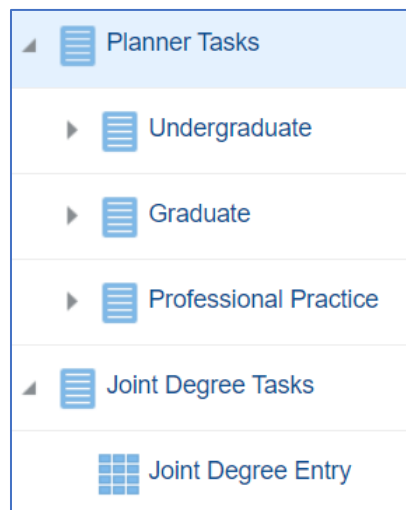

Entering Enrollment Data

1. Select the Tasks icon from the home screen.

2. Select Planner Tasks and complete data entry for all Career Levels.

- Graduate and Professional Practice have one form for ALL terms, while Undergraduate has a separate form for each term. Undergraduate also has a breakdown for Career Level (Freshman, Sophomore, etc). Residency is now required to be split across in-state, out-of-state, and international classifications).
- The tuition rates are pre-populated in the forms, you will not be able to change this information.
- If you do not have access to enter data on a particular form ALL of the cells will be gray.

Enrollment Data

Undergraduate Form

1. Enter Enrollment and Credit Hours for every category of student (freshmen, sophomore, etc.; note the new requirement for international residency).
2. Click the + icon next to Adjusted Headcount, to open the columns to enter Tuition Waived, Study Abroad Non Pitt Programs, Dissertation Students & Withdraws & Other Tuition Headcount. If you enter data in these columns, the “Adjusted Headcount” will reflect the net enrollment.

Enrollment - (Tuition Waived, Study Abroad Non Pitt Programs, Dissertation Students & Withdraws & Other Tuition Headcount) = Adjusted Headcount

3. Click the Save button, this will automatically calculate FTE, Adjusted Headcount and Tuition Revenue fields. Fields in gray are not editable.
 - Adjustments can be made to saved enrollment and credit hours, remember to save the changes.
 - Be sure to enter both Enrollment and Credit Hours for part-time students.

Graduate & Professional Practice Forms

1. The Graduate and Professional Practice forms are similar to Undergraduate, with ALL terms included on one spreadsheet. The same procedures apply to these forms.
2. Enter Enrollment and Credit Hours for every category of student (note the new requirement for international residency).
3. Click the “+” icon next to Adjusted Headcount, to open the columns to enter Tuition Waived, Study Abroad Non Pitt Programs, Dissertation Students & Withdraws & Other Tuition Headcount. If you enter data in these columns, after you choose “Save”, the “Adjusted Headcount” will reflect the net enrollment.

Enrollment Data

6. Use the drop down arrows to choose the School, Program and Tuition Attribute for entry.
 - If you do not have a specific Tuition Attribute you will need to choose No Budgeted Attribute.
 - Full Time Dissertation, Study Abroad are entered on a separate spreadsheet unlike in previous budgeting procedures.
7. After you have chosen the School, Program and Tuition Attribute, click the Apply button.

The screenshot shows a web form with three dropdown menus: School, Program, and Tuition Attribute. The School is set to 'School of Nursing' and the Program is set to 'Standard Rate'. The Tuition Attribute dropdown is open, showing options: 'Select Member', 'Standard Rate' (highlighted), and 'Nurse Anesthesia'. At the top right are buttons for 'Apply', 'Clear', and 'Cancel'. The text 'UV_Scenario: Budget' is visible above the dropdowns.

Export to Excel

1. Select Actions – Spreadsheet Export, to send the form data to Excel.
2. The Spreadsheet Export window will open, select Export.

3. This will open a dialog box to open the HspWbGrid.xls file.
 - Chose the Open with Microsoft Excel option or Save File.
 - Depending on your version of Excel, you may receive a warning message regarding the format and extension, select Yes to open the file.
 - Use this spreadsheet to total your enrollment and revenue and verify your data is correct.
